7. Various jurisdictions within Maricopa County are planning projects that will improve opportunities for bicycle riding throughout the region. This will include improvements on facility types including bicycle lanes/routes, shared use paved and unpaved paths, and crossings at washes, canals, and major streets. Creating new facilities and/or maintaining or enhancing existing facilities are being considered.

From your personal knowledge, please identify, at least, the THREE MOST NEEDED specific project improvements along these types of facilities. Then, indicate your preferred order of priority in the box. [Use the number "1" for your highest priority...If you are not familiar enough with specific bicycle facilities routes and locations, skip to Voluntary Information]

In your description, please use major cross-street references like "the north side of Camelback Road & west side of 44th Street".
